Got a gripe? Any requests? If you want to know who to write to, and where, check here or telephone KALW staffers at 415-695-5740 Monday through Friday more assistance. Or write to us at KALW, 2576 Harrison Street, San Francisco, CA 94110.2720. Because of the copyright restrictions on the commercial recordings of music and drama used in our programs, we are, unfortunately, unable to make available cassette copies of them. To do so would violate copyright law.

# Manager's Notes

I'm not going to spend much space reflecting on 1993 except to say that, in every aspect of the station's operation, the year gone by was one of real progress and growth.

As you no doubt know, it's taken 54 years, but at long last we're now on the air 24 hours a day. If you haven't yet listened between midnight and 5:00 am, give it a try. We think you'll enjoy "BBC Overnight."

KALW is listener supported. You tell us you like it that way. So, we eschew subsidies and excessive commercial underwriting and the cost in both staff and freedom that goes with them. Your confidence and generous financial support are what keep us on the air and growing. This partnership, based on mutual respect, allows us independence and the power to operate, albeit modestly, with the fewest days of on-air fundraising of any public station in the Bay Area. Again, thanks.

Year-end reflection is fun but, for KALW, the year to be is much more important than the year that was.

You've probably noticed two significant items on the cover of this issue: our new logo and the picture of Sedge Thomson talking to members of the Gospel Hummingbirds. For the last eight years you've known Sedge as producer and host of Sedge Thomson's "West Coast Weekend" heard on KQED-FM.

Well, starting Saturday, January 8th at 10 am and again at 8 pm, Sedge and his entire crew, Diane Hidy, Anne Lamott, The Urban Geographer, Carl and Karl, The Roving Painterly Eye and the cream of Bay Area writers, artists and performers will bring you "West Coast Live" with KALW as the "host" station.

Sedge is one of America's most innovative live radio producers. It is an honor to welcome "West Coast Live" to Information Radio. At KALW Sedge and his friends will have the support and creative freedom this outstanding production so richly deserves. We're looking forward to a long and happy run.

If you'd like to attend one of these live broadcasts contact Sedge at "West Coast Live," 415-664-9500 or P.O. Box 410295, San Francisco, California 94141.

Good fortune has smiled on us again in the form of Cheryl Harrison. Cheryl is an old friend who is President and Creative Director of The Harrison Design Group. She is also a partner in the marketing and design firm of Frank Harrison and Perez.

Among other honors, Cheryl was named Woman Entrepreneur of Year for 1985 by the San Francisco Chamber of Commerce. Among her many arts activities Cheryl serves on the Board of the Business Arts Council. You've seen Cheryl's work for Bank of America, Levi Strauss, Kendall-Jackson Wineries, Landels, Ripley and Diamond and in the design of the Williams-Sonoma Catalogue.

Cheryl put the Harrison Design Group at our (your) service to create the new graphic design system and logo for the station. Cheryl thought it was time that we looked as good as we sound. You can reach the Harrison Design Group at 415-982-6100. If that looks like a plug, it is.

The new logo will appear on all KALW materials including window stickers and subscription premiums. Hang on to your t-shirts and coffee mugs: they are now collector's items.

You can get new window stickers free by sending us a stamped self-addressed #10 (business size) envelope. Just tell us how many you'd like. We'll also be sending out new stickers with all mailings.

As you might imagine, "West Coast Live" at 10 am and again at 8 pm has generated a few adjustments in our Saturday schedule.

"Quirks and Quarks," the fascinating and entertaining science series from C.B.C., remains in its noon time spot. Michael and Justine Toms have asked if we could find a later time in the day for "New Dimensions." We're happy to let you know that "New Dimensions" moves to its new permanent time, 6 pm on Saturdays, starting on January 8th. We'll still do specials from 7 pm to 8 pm each Saturday evening.

Moving into the 1 pm slot on Saturdays is "Tech Nation." This show proves that you don't have to be a rocket scientist to converse with some of the world's technology superstars....but it helps. Join San Francisco's own Dr. Moira Gunn for some of the most entertaining and informative interviews ever beamed to us from beyond the boundaries of Earth on the Public Radio Satellite System (I just couldn't resist).

Wrapping up Saturday evening we're happy to present "Wade In The Water." This wonderful new series looks at the history and rich tradition of a truly American musical form, the Spiritual. That's "Wade In The Water" Saturday nights at 11 pm.

We're happy to let you know that the locally produced, "Tell Me A Story" is back in production. Sunday evenings at 6 pm you'll hear some of your favorite authors spinning tales and weaving images of their own works.

With a respectful nod to Art Baker, "You asked for it" Joe Frank is back. We've got 26 weeks of beautifully produced stories filled with the irony, poignancy and human truth you've come to expect from Joe. Join us for "Joe Frank: In The Dark" Sundays at 7:30 pm.

The second Commonwealth Club broadcast moves to Mondays at noon. By special arrangement with the Club, most of these programs will be exclusive broadcasts to KALW listeners. On weeks when there is no "Commonwealth Club special" you'll hear the best of the City Club of Cleveland.

At 1:00 pm on Mondays we continue the BBC Documentary series "The State of The States. It's an interesting look at the growth, culture, economy and foibles of "the colonies." We'll present a new series on Black History called "Goin' North," in February.

On Tuesdays at noon we welcome back the "Chautauqua Lecture" series on its return from summer hiatus. "Soundprint" moves to Tuesdays at 7:30 pm on weeks when there is no San Francisco Unified School District Board meeting broadcast.

If you have an interest in education we think you'll find the School Board broadcasts fascinating. Hosted by Rose Levinson, these broadcasts provide an insight into the challenges and opportunities which confront our schools. Our future is in our children; listening to the School Board Meetings will provide you with a perspective and understanding of the process of trying to provide a quality education for over 62,000 San Francisco children.

Our own Production Manager, Michael Johnson, has been working as Associate Producer of "Legacies," a new National Public Radio Series which premieres on "Information Radio" Wednesdays at 8:30 pm. Each program chronicles the personal experience of someone who has chosen to explore life beyond the boundaries of cultural stereotypes. Family histories, personal perceptions and life experiences create the thread of this rich and moving audio tapestry. Listen for the story of Michael's own reunion with his father on January 26.

That's about it for programming changes this quarter. Please check the weekly grid and daily listings for details.

If you've got a friend who'd enjoy "Information Radio" just let us know and we'll send a sample copy of this Program Guide, free, in your name. Display the new window sticker and tell your friends and associates what you've found at 91.7.

As always, I do try to answer every letter and phone call promptly, so let us know what's on your mind. The staff and I value your ideas and consider your opinions and requests. We can't always answer every request in the affirmative but, we do promise to listen.

On behalf of us all, have a happy, healthy and well informed 1994.

Thanks,  
  
Jerry Jacob

# Manager's Notes

**Y**ou'll be happy to know that, except for changes in the BBC schedule wrought by Daylight Saving Time, there are only two programming adjustments this quarter. "Legacies," the 13-week series co-produced by KALW's own Michael Johnson has completed its first run. We will re-broadcast the entire series again soon.

"Soundprint" is back every week. Some wonderful new shows will air Wednesday evenings at 8:30.

"Technovation," Jim Horn's program from Rensselaer Polytechnic, is now out of production. As a temporary replacement, BBC's "Discovery" will fill the 10:30 time slot on Thursday mornings.

Speaking of "The BEEB," there are a number of D.S.T. shifts, including the early morning newscasts and the over-night service. "Outlook," and the 11:00 am "Newsdesk" are not affected.

We hope you're enjoying Sedge Thomson's "West Coast Live." We're thrilled to be able to bring it to you.

This is a personal invitation to join us at Fort Mason Center Saturdays at 10:00 am as part of the "studio" audience. You might even get to operate the "Biospherically Enhanced Digital/Optical Aquaphone." I'm there most weeks, as are members of the staff. We'd love to meet you. It's a great adventure for out-of-town guests and a wonderful way to spend a Saturday morning. For tickets, t-shirts and a good time, call Sedge at 415-664-9500.

The Bay Area is blessed with one of North America's most active and vibrant non-profit communities. Thousands of non-profit agencies participate in the daily enrichment of each of our lives. Every single person in Northern California is touched in some way by one of these organizations.

Many of these service providers are themselves underserved. Our Community Affairs Director, Rose Levinson, has been working with non-profit agencies involved in education, the arts, health, social services and community activities. The result of this effort is that you'll be hearing a variety of Public Service Announcements, some underwritten, designed to generate awareness of a wide variety of activities, educational, cultural and entertainment events, services and resources which may be of direct value to you and your family.

Our semi-annual subscription drive will begin on April 22. If you've got some time, become a part of our volunteer brigade. Call Bill Helgeson for details. Join our happy band of broadcasters for twelve joyous, zany, laugh-filled days of begging, pleading, fun and frolic during our Spring Subscription madness. It's a wild and wacky adventure in Public Radio-Land.

On a serious note, I'm happy to report that even without subsidies, significant commercial underwriting or corporate support, your radio station is financially stable. Not rich, but stable. We still broadcast from an abandoned basketball court. We are something of a found-art project and some of our creative endeavors would make a supply sergeant proud.

It has been worse. Much worse.

We have escaped survival mode. The station, as you may have noticed, is actually experiencing some controlled growth.

We're working toward still more local involvement and program development. The health, service and future direction of the station are in direct proportion to the value of our work.

Once again, we will not try to manipulate you with threats of our extinction or loss of service. Once again, this Subscription Drive will be guilt free in so much as that is possible. We will not hold either you or your favorite programs hostage to our goals.

I'd like to ask you to consider us a service, not a charity. We hope you support us for the value the station provides in news, opinion, information and service. Please consider your subscription a share in the station and a gift to the community.

As always, I do answer the phone, return calls and respond to mail personally. I can't promise that we will always agree, but the station and its staff are truly interested in what you have to say.

One more offer before closing: if you'd like to have member of the KALW staff come and speak to your group or organization about the station in particular or broadcasting (public or not) in general, contact me at the station.

Thanks for being a part of KALW.

Thanks,  
Jerry Jacob

## WHO ARE WE?

This little contest should be easy for estate listeners. This fearless pair of persuasive pundits often help you traverse KALW's "information super-skyway." Here's a clue; but considering that opposites attract, the distance from the pole might influence your guess. Every entry gets a KALW Window Sticker, and the first ten (10) correct answers get a ??? ?????????? ??????. Enter now, do it today, hurry, be the first on your planet, time is running out, no kidding mostly.

## "YOU WANT ME IN THERE WHEN?!"

KALW'S Spring subscription drive starts April 22 for 12 days and nights. We need volunteers. Lots of them. At all hours of the day and night. Both during and after the drive. Give Bill Helgeson a call at (415) 695-5740 for more details and to sign up. Public radio: it's not just a job - it's also a glazed donut & a slice of pizza.

# MONDAY LISTINGS
